Education

Tatyasaheb Kore Institute of Engineering and Technology, Warananagar
B. Tech in Computer Science and Engineering

G A Highschool, Sangli
Higher Secondary School

Shri K.P.S.P School
Secondary School

Technical Skills

- **Programming Languages:** Python, C, Java (basics), SQL
- **Tools & Platforms:** Git/GitHub, VS Code, Eclipse, IDLE
- **Other Skills:** Data Structures, Microsoft Word, Excel, PowerPoint

Projects

Car Rental System

- We have created a program for the rental system where a admin can handle the rental process online which can help the user to get fast access to the car.
- It was made by using C language , in which file handling was the main part we just maintained the details of the cars , the renters and the owner's of the car in different files.
- The outcome was the user was getting the list of the available ca , the cars which are rented , type of the car .

Car Sharing Website

- We have created a website which works same as the "Bla-bla" application which is just a car sharing website which is useful for both the passenger and the car driver.
- We have used the HTMI , CSS , and Django web framework to run the code online.

- The website was providing with the list of the cars going on the specific route at specific timing with the personal details of the driver for security purpose.

Academic Achievements

- **Second Place in Group Discussion Competition**
- **Student of the Year (2019-2020)**
- **Second Place in Quiz Competition**
- **Certified in Python & Java Bootcamp**
